

Thermal Energy International Named Best Energy Efficiency Solutions Supplier by Corporate Vision Magazine

OTTAWA, ONTARIO – December 20, 2016 – Thermal Energy International Inc. (“Thermal Energy” or the “Company”) (TSXV: [TMG](#)), a global provider of proprietary energy efficiency solutions to the industrial, commercial and institutional sectors, today announced the Company has been named the “Best Energy Efficiency Solutions Supplier” in Corporate Vision Magazine’s [2016 Small Business Awards](#).

“We are honoured to receive this award and to be recognized for excellence in cleantech implementation,” said William Crossland, CEO of Thermal Energy. “Our proven energy efficiency solutions have helped many leading multinational companies save money and significantly reduce their carbon emissions. To be named ‘Best Energy Efficiency Supplier’ by Corporate Vision is further validation that our proprietary solutions are best-in-class.”

Corporate Vision accepts nominations from their professional readers, and their dedicated in-house team of researchers then put each nomination through a rigorous analysis. Companies were judged based on quality and exceptional products and services. Winners were decided by a combination of votes gathered from Corporate Vision’s network of respected industry partners and Corporate Vision’s own in-house research, performed by industry insiders and corporate specialists.

Corporate Vision’s editorial on the Thermal Energy’s award-winning solutions can be found on the Company’s website at <http://www.thermalenergy.com/media.html>.
