

## **Thermal Energy International to Present at the Global Chinese Financial Forum's Investing in Innovation Conference**

**OTTAWA, ONTARIO – April 27, 2016** – Thermal Energy International Inc. (“Thermal Energy” or the “Company”) (TSXV: [TMG](#)), a global provider of proprietary energy efficiency solutions to the industrial, commercial and institutional sectors, today announced that William Crossland, President and CEO, has been invited to present at the upcoming [Global Chinese Financial Forum](#) (GCFF) Conference on Saturday, April 30, 2016. The 2016 GCFF Conference will be held at the Courtyard by Marriott, Toronto Northeast, Markham, Ontario.

“The GCFF represents a new audience for our Company’s story,” said William Crossland. “We have well-proven energy efficiency and emissions reduction technologies, a low-capital intensity business model, and a large and fast-growing market opportunity that will be of interest to conference attendees. The conference organizers have a well-established network and several hundred pre-qualified Chinese investors from the Greater Toronto Area are expected to attend. We’ve had a strong first nine months of fiscal 2016 and we look forward to sharing our story.”

Mr. Crossland’s presentation is scheduled to begin at 12:00 PM ET on April 30<sup>th</sup>. Immediately following the live presentation, the slide presentation will be available on the Company’s website at [www.thermalenergy.com/presentations](http://www.thermalenergy.com/presentations).

### **About Global Chinese Financial Forum**

The GCFF is a showcase for public companies to connect both North American and Chinese financial markets. Organized by NAI Interactive, the GCFF is a prominent series of bi-lingual financial functions in both North America and China. In the past 16 years, over 35 GCFF conferences have been held in multiple locations worldwide including Vancouver, Toronto and China.

With an extensive network covering both the North American and Chinese market alongside expertise in the global capital market, GCFF is supported by a strong foundation of financial resources. It enables GCFF to organize resourceful financial events that facilitate business growth and networks among financial institutions, public corporations, private companies, and investors of all levels.

### **About Thermal Energy International Inc.**
